Highway Dept. Telephone: 673-5610

REPORT OF THE SELECTMEN

The year of 1979 has come and gone with scarcely a whimper, still overshadowed, it seems, by last year's festivities.

Of significance was the complete reappraisal of all property in town. It won't be until late this coming summer that the dust will finally settle from that. Appraisal and revaluation are at best a scientific approach to educated guessing. Trying to determine the price which a willing buyer and willing seller would agree upon for a property is extremely difficult, especially in today's market. There will always be exceptions to the rule and minor inequities due to oversight, miscalculation and just plain judgment. After adjusting last year's total valuation to the equivalent of 100%, the town gained an additional \$3 million in its tax base.

Another accomplishment of 1979 was to improve our cash flow - a key to efficient government as well as business. The town must borrow its operating funds throughout the year in anticipation of taxes in order for it to function. Newly instituted this year after careful discussion with our auditors and bankers was the borrowing of one lump sum determined by anticipated expenditures at the beginning of the year. Careful investment in CD accounts of portions of this sum not needed immediately has produced an income from interest to defray the cost of borrowing which has increased considerably. The town is no longer blessed with the ability to borrow at 3½ percent but now faces a rate between 7 and 8 percent. Semi-annual taxation adopted by many towns has substantially reduced, if not eliminated, the need for heavy borrowing in anticipation of taxes. Your careful consideration of this issue on the warrant is essential if you are indeed concerned about keeping down the cost of government.

Inflation hits everyone and everything. Government is no exception. This operations budget reflects, in large part, this economic cancer. The level of services in a community such as Mont Vernon are minimal but the costs steadily increase. It is at a point that we either maintain these services and pay the price or cut or eliminate the service. In either case your government is your representation and your vote is your voice. Fighting inflation is everyone's responsibility.

Of final note, the dump truck finally arrived late this past fall after being ordered last spring. After a few false starts, it is now operational, just waiting for snow.

Respectfully submitted,

Mont Vernon Board of Selectmen

BRYANT A. RICKER
KEITH E. POMEROY
ROBERT T. STRAW

TOWN WARRANT

The State of New Hampshire

The Polls Will Be Open From 10:00 a.m. to 7:00 p.m.

To the Inhabitants of the Town of Mont Vernon in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Mont Vernon on Tuesday, the eleventh day of March, next at 10:00 of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

Action on succeeding articles will be deferred until 7:30 p.m.

2. To see if the Town will vote to authorize the Selectmen and Treasurer to borrow money in anticipation of taxes.

3. To see if the Town will vote to authorize the Selectmen to convey property taken by the town in default of redemption of tax sales, the procedure to be as follows:

A. If to the party who failed to redeem the property, the consideration shall be the payment of all back taxes, including interest and penalties and all expenses related to said sale or sales, as determined by the Selectmen.

B. If to any other party, the sale shall be by public auction or sealed bids in accordance with N.H. RSA 80:42.

4. To see if the Town will vote to adopt the provisions of RSA 76:15b, authorizing the Selectmen and Tax Collector to make partial billing to property owners in June of each year for property taxes.

5. To see if the Town will vote to amend the action taken at the 1963 Town Meeting, creating the Beautification Committee, as follows: to delete the following language, "This Committee shall be self-perpetuating and the within four members shall be designated a term of 4, 3, 2 and 1 year lengths," and to insert therefore the following: "This Committee shall be appointed by the Selectmen, the terms of the members to be as follows:

- 1 member - four years
 - 1 member - three years
 - 1 member - two years
 - 1 member - one year
- Selectmen appointed annually."

6. To see if the Town will vote to amend the action taken at the 1978 Town Meeting, creating the Highway Study Committee, as follows: To establish a five-member Road Committee to include the Road Agent, one Selectman, appointed yearly, and three other members appointed by the Selectmen. The terms of office, excluding the Road Agent and Selectman, shall be for three years except the first year they shall be for 1, 2, and 3 years. The committee shall be answerable to the Town as well as the Selectmen with specific duties as charged by the Selectmen.

7. To see if the Town will vote to adopt the provisions of RSA 56:40-A permitting applications for changes in party affiliation to be made with the Town Clerk.

8. To see if the Town will vote to raise and appropriate the sum of \$10,300 for a police cruiser. Fifty percent of the \$10,300 is to be reimbursed to the Town as a matching fund by the New Hampshire Highway Safety Agency.

9. To see if the Town will vote to raise and appropriate the sum of \$210,775.05 for the 1980 Operating and Maintenance Budget.

10. To see if the Town will vote to raise and appropriate the sum of \$100 to be used with \$500 previously raised and appropriated for the purpose of erecting war memorial stones for the Korean and Vietnam conflicts.

11. To see if the Town will vote to appropriate from accrued Revenue Sharing Funds the sum of \$1,000 and raise and appropriate the sum of \$2,900 for a total of \$3,900 for the purchase of a road sweeper for the Highway Department.

12. To see if the Town will appropriate from accrued Revenue Sharing Funds the sum of \$5,800 for the purchase and installation of a fire alarm system in the Town Hall, Fire Station and hook up to the existing system in the McCollom School.

13. To see if the Town will vote to raise and appropriate the sum of \$65,000 to purchase a pumper tanker type Fire Engine to replace the present 1942 Fire Engine and to authorize application of the present balance of the Fire Department Apparatus Capital Reserve Fund towards that appropriation and to authorize the Board of Selectmen to place the 1942 Fire Engine out for sale by public bid after delivery of the new unit.

14. To see if the Town will vote to authorize issue of bonds or notes upon the credit of the Town for all or any portion of the sum raised and appropriated under the preceding article in compliance with the provisions of Revised Statutes Annotated of New Hampshire, Chapter 33 and to authorize the Selectmen to determine the terms, conditions, sale, form and the time, date and place of payment of such bonds or notes and to determine the rate of interest or discount thereof.

15. To act on reports of all Town Officers, Agents, Auditors, Committees, etc. and raise and appropriate any money relative thereto.

16. To transact any other business which may legally come before said meeting.

Given under our hands and seal, this twentieth day of February, in the year of our Lord nineteen hundred and eighty.

BRYANT A. RICKER
KEITH E. POMEROY
ROBERT T. STRAW
Selectmen of Mont Vernon

Board of Cemetery Trustees

REPORT OF TRUSTEES OF TRUST FUNDS

During the year 1979 funds from various trusts provided health care, maintenance of perpetual care cemetery lots, restoration work in the cemetery, funds for recreation, ten scholarships for residents, restoration work in Carleton Park, and funds for the Fire Department. We hope that future investments will allow us to expend as much or more on the same and similar activities.

Residents are again reminded that scholarships are available through the Skenderian Scholarship Trusts. Application must be made on or prior to May 1st of each year in order to comply with rules of the Milford Senior High School. Funds from the trust established for the benefit of the Fire Department are disbursed in March; funds for Conservation and Recreation must be requested on or prior to June 1st of each year in order to meet the requirements of the Trust. Requests and applications must be in writing in order that they may be filed with the Office of the Attorney General, upon demand.

For further information on the trust or funds available, please contact any of the Trustees.

MONT VERNON FIRE DEPARTMENT

“Prevention is your best fire protection.”

During the year of 1979 your Fire Department responded to 51 calls, this included a barn in the Trailer Park which was completely destroyed, also the Dallas house on Main Street which was badly damaged. We also had several grass and brush fires and the increase in the number of wood stoves resulted in several chimney fires.

To the people burning wood, we suggest the stove and stovepipe be properly installed, burn only dry wood, and keep the stovepipe and chimney as clean as possible.

We would like to urge all people to equip their living and sleeping quarters with smoke detectors.

Nineteen years ago the town bought its last new Fire Engine.

Engine #1 is a 1961 Pumper-Tanker.

Engine #2 is a 1952 gasoline truck which was converted to a Pumper-Tanker.

Engine #3 is a 1948 Fire Truck which was purchased second hand for \$308. This is used as a Forest Fire Truck.

Engine #4 is a 1942 former oil delivery truck which was converted to Fire Department use.

Tanker #1 is a 1951 ex-military vehicle with a 2,000 gallon water tank.

Your Fire Trucks are all getting old, their dependability is becoming questionable, the town is growing, and the responsibility and activity of the Fire Department is growing.

We urge you to support the article in the warrant relative to a new Fire Truck to replace the 1942 Truck.

State Law requires that written burning permits be required for all outdoor burning when the ground is not covered with snow. These permits may be obtained from:

State Forest Fire Warden, Joseph Carleton	673-1972
State Deputy Fire Warden, Kevin Pomeroy	673-1609
State Deputy Fire Warden, Stephen Rand	673-8756

JOSEPH G. CARLETON, Chief
DONALD C. CHEEVER, Deputy Chief
ALAN J. SMITH, Deputy Chief

Report of the Forest Fire Warden and State Forest Fire Service

Prevention and control of forest fires is handled through a cooperative effort between town/city fire organizations and the State Forest Fire Service.

Since 1903, when the first forest fire laws were passed by our Legislature, the State Forester has appointed someone in each municipality as a Forest Fire Warden and charged him with the responsibility of forest fire prevention and control within his town/city. This person may ask the State Forester to appoint as many Deputy Forest Fire Wardens as may be necessary to efficiently carry out his charge.

The State Forester has divided the State into ten forest fire districts with a full time District Forest Fire Chief in each district. The State organization is charged with assisting the municipal forest fire organization in any way possible.

State personnel conduct fire training schools, assist with forest fire suppression, fire cause investigation, prosecution of fire law violators and forest fire prevention programs. Forest fire suppression equipment is purchased through State bulk purchasing ability and sold to local forest fire organizations at one-half cost. Excess military property is obtained and turned over to town/city fire departments at no cost to local departments for conversion into fire suppression units. This cooperative arrangement between State and municipality has resulted in one of the best forest fire records in the United States with less than one-half acre of woodland burned in each fire reported.

1979 Forest Fire Statistics

MONT VERNON POLICE DEPARTMENT

The following complaints were received and acted upon by the Mont Vernon Police Department.

Accidents	37	Mutual Aid	99
Alarms	18	Noise	8
Assault	8	Prowler	10
Automobile	30	Thefts	14
Breaking & Entering	18	Trash	21
Criminal Mischief	33	Untimely Death	2
Dog Complaints	51	Vandalism	23
Domestic	26	Juvenile	41
Missing Persons	5		

124 hours on court time

277 hours on patrol time

178 hours radar time

173 hours on paper work

Again this year the police department calls were higher than last year. The police department has tried to answer all calls to the best of their ability. We only hope that the townspeople understand that we are short handed and no one seems interested in serving as a policeman on a part time basis. With the high cost of operating and maintaining an automobile for use in police work officers for the police department are hard to find.

Again this year I wish to thank the townspeople who have helped the department and all the officers of the department for a job that I think was well done with the equipment we have to work with.

The department got a new Kustom HR12 hand held radar and put it into service on July 4. The department has noticed that the speed on all roads in town has decreased significantly.

It has been brought to the attention of the department that residents in town do not know how to get in touch with the police department. The phone number for the Mont Vernon Police Department is 673-1414 or you may look on the inside cover of your phone book.

Vandalism and juvenile complaints are on the rise. I think that parents should know where their children are and what they are doing after school and after dark. Vandalism costs the taxpayers a lot of money each year. In 1979 the law changed and parents are now

responsible for the cost of any damage their children do to other people's property.

The dog complaints are up. It would seem to me that if a person has a dog, that person should know where it is at all times so that other people will not have to call the police and complain about their neighbor's dog. Owners of all dogs have to license them. Some people in town do not. The department has to spend time and taxpayers' money to get people to do so. If you then put that license on the dog instead of in a drawer the department could find the owners of lost dogs instead of taking them to the pound.

The Mont Vernon Police Department needs officers for day and night calls if the people want to continue on a 24 hour call basis.

Respectfully submitted,

OTIS GARNETT, Police Chief
Mont Vernon, N.H.

RESCUE SQUAD

The Rescue Squad responded to 54 calls in Mont Vernon during 1979. This is over double the number of calls in 1978.

The Rescue Squad provides around the clock emergency medical care and transportation. If you need an ambulance, call 673-1414 (Milford Police); give your name, the nature of the problem, and directions to your location. There is no charge for our service in the town of Mont Vernon or from the Milford Medical Center to a primary care facility.

Mont Vernon members of the squad are: Mary Backus, Judie Corbett, Bob Naber, Penny Schmitt, and Cathy Sullivan. Anyone interested in joining the squad should contact any one of the above members. Training is provided by the squad. New members are urgently needed.

Respectfully submitted,

JUDIE CORBETT, Rescue Squad

DALAND MEMORIAL LIBRARY REPORT FOR 1979

The increased quantity of new books and the increased number of well-read library users have made 1979 a busy year for the Daland Memorial Library. The Library joined the Hillstown Coop which includes all the surrounding towns as members. Through the Coop we are able to buy books at lower costs as well as borrow books for patrons from the member libraries.

We are grateful to Dr. and Mrs. Skenderian for their earlier gifts which have allowed us to purchase more books this year. Most of the best-sellers are on the shelves or speedily circulating.

A new set of Collier's Encyclopedia is available thanks to the generosity of the McCollom Trustees. An up-to-date encyclopedia is a must for even the smallest library.

The library received a fresh coat of paint thanks to the Daland Trustees. The outside is warmer looking and the inside brighter with the off-white walls and ceilings in contrast to the handsome chestnut beams.

The schoolchildren have again visited the library on Thursdays to expand their horizons and learn good library techniques with the help of Librarian Maureen Honychurch-Matz.

There is a problem with overdue books. Some customers take out books and inadvertently misplace them or absent-mindedly put them in their own collections. Don't. Cards are being mailed to remind patrons of their long overdue books. Drop them in the book depository, no questions asked, dear patrons.

We appreciate the generous support shown by several townspeople and invite everyone to drop in and take advantage of our fine book selection. If we don't have the book you want, the Librarian will make every effort to obtain it.

MAUREEN HONYCHURCH-MATZ, Librarian

SOUHEGAN REGIONAL LANDFILL DISTRICT

Early in 1979 the State of New Hampshire Bureau of Solid Waste Management approved the Operational Plans of the Souhegan Regional Landfill District for the development and use of the remaining land available under the lease from the Town of Amherst. A significant portion of the area has been cleared and at year end specifications for the required excavation work, involving several hundred thousand cubic yards of fill, were being finalized.

New inspection and maintenance schedules were a part of the contract terms on which competitive bids were received for the hauling and maintenance of trailers used in transporting refuse from Brookline, Hollis and Mont Vernon. As a part of the maintenance program all of the trailers were thoroughly sandblasted and repainted.

In the fall new landfill hours for Amherst residents were adopted. Extended hours were scheduled on Tuesday, Thursday and Saturday which more than offset the hours lost as the result of closing the landfill on Sunday. The total volume of refuse is now being received on a more even basis thus contributing to greater efficiency in compacting and in the use of cover material.

In Brookline, Hollis and Mont Vernon the volume of refuse received on Saturday and Sunday taxes the capacity of the trailers. The towns are being requested to reschedule the hours that their collection sites will be open so that more of their citizens will go to the "dump" during the week when the refuse can be accommodated by the Districts' existing equipment - equipment which is more than adequate to handle two or three times the present volume.

After careful deliberation, which included presentation and proposals from a number of manufacturers, the District ordered a new tractor for use at the landfill. The old tractor required an extensive and expensive overhaul at a cost that was felt could be better expended toward the purchase of a new larger and heavier piece of equipment that will do a more efficient job of compacting the refuse.

PLANNING BOARD REPORT

This past year was a relatively quiet one for the Planning Board in terms of the approval of new subdivisions. Only 13 new lots were approved this year with 9 of those being in one subdivision. The 9 lot subdivision was the first open space subdivision approved under the new open space zoning ordinance passed at last Town Meeting. The Planning Board hopes that this subdivision signals a trend away from strip development, which threatens the rural character of Mont Vernon.

The board has completed a complete revision of the subdivision regulations and compiled a booklet containing all the town zoning ordinances and revised subdivision regulations. The booklet, which will be periodically updated, will for the first time provide a single source for all Mont Vernon's rules, regulations, and ordinances regarding land. It is possible for purchase at the Town Hall.

Planning Board meetings are held the fourth Tuesday of each month in the Town Hall at 8 p.m. and everyone is encouraged to attend and participate.

REPORT OF THE CONSERVATION COMMISSION

In April, Mr. Al Hoyt's 4-H troop presented us with six bluebird houses built by the children. We erected the houses on Lamson Farm and Jennifer Wilson monitored the trail all summer. True, swallows occupied the houses this year but we are hopeful that we will have bluebirds in the future as they are making a comeback in the northeast because of these bluebird trails.

In May we sponsored Tom Garnett to Conservation Camp; funds provided by the Arthur Hazen Fund. Tom obviously enjoyed camp and brought back lots of information for our community. He encourages other young people to apply.

This summer we sought advice from the Extension Office on saving the blueberry fields at the Lamson Farm. The Soil Conservation Office suggested a maintenance program, to begin with brush hogging. There are no funds from the Soil Conservation Office for this but we will be applying for monies from the Skenderian Trust No. 4 in 1980.

Our largest project this year was improving and making more accessible - Carleton Park. We cut brush and trees and removed large rocks to build a horseshoe shaped road. Enlarging the area provides more space for picnicking and wall sitting to put on skates. Skenderian Trust No. 4 and our matching funds paid for the renovations. We have ordered plantings for natural landscaping in the spring.

Your input to the Conservation Commission is most welcome and helpful. Our meetings are open to the public. Please join us.

The Beautification Committee has mounted the granite marker, which is the stone of New Hampshire, on the Town Hall Square at the flowering Crab Apple Tree, commemorating the 150th Anniversary of the Town. The bronze tablet was designed and executed by Mr. Walter N. Thompson. The holes for mounting the tablet were drilled courtesy of the Barretto Granite Corporation of Milford. The granite plinth and labor for installation was kindly donated by our fellow townsman, Mr. Roger S. Brown, together with Mr. Walter N. Thompson.

Ms. Jane Conant is in charge of the donations of the flags flown during the year of the 150th anniversary celebration to the Town Historian for posterity.

New flags have been purchased and are being flown.

The citizens of Mont Vernon should be thankful that our town is such a great example of the classic New England village. We hope everyone will work to keep the town that way.

Respectfully submitted,

MARGARET M. HATFIELD, Treasurer
Mont Vernon Beautification Committee

REPORT OF THE RECREATION COMMITTEE

The Mont Vernon Recreation Committee will again post a calendar of events for the new year, 1980, which will indicate the forthcoming activities. For specific times, please check the notice board at the General Store as well as notices which are placed in the Milford Cabinet Press.

Several programs were held and carried out in 1979, all of which were organized and supervised by the members of the Recreation Committee. The participation and enthusiasm of the adults and children of Mont Vernon certainly equalled if not surpassed that of last year. This participation and enthusiasm must certainly be the goals of the Recreation Committee and we're proud and quite fulfilled to see this come about.

The Softball program began around Memorial Day and ran three nights a week. Tuesday nights were for 8-12 year olds and were supervised by Cheryl and Kenneth Paradis. The Committee extends much thanks to them for their continued help and support. Wednesday nights were for 13-18 year olds and Thursday night was adult night. Next summer the Recreation Committee would like to organize a softball team with reserve players to challenge surrounding towns. This team would play other Recreation Committee teams and probably would have a minimum age requirement.

Touch football and ultimate Frisbee started where softball left off and we continued to just about Labor Day whereby it became too dark to continue play at a safe level. Volleyball was also played on Tuesday, Wednesday, and Thursday nights and was met with considerable turnout.

The swimming program was made possible by the generosity of the Richard McNamara family. It was conducted over a one week period with instruction by a Red Cross certified Water Safety Instructor and Ingrid Windt. All levels of swimming were taught and the program was a great success. This year the Committee did not charge the students for this program and babysitting was also provided at no cost.

A Halloween party was held at the barn of Judy and Larry Corbett and turned out to be quite a chilling affair. It started with great anticipation and the Spookhouse welcomed anyone who dared. All survivors were offered cider and cookies.

The Recreation Committee also proposes in 1979-1980, to obtain funds via one of the Trust Funds and would like to initiate a

cross country ski program on the Lamson Farm and also to purchase a toboggan. Another project is to renovate both the infields and outfields of McCollom Field.

Respectfully submitted,

NEAL J. DINI, Chairman

CAROL SCHAPIRA, Secretary

JEANNIE McCULLOUGH, Treasurer

HIGHWAY COMMITTEE REPORT

Two full-time men be employed to maintain and upgrade the Town roads. They be granted a $7\frac{1}{2}\%$ wage increase this year.

As roads are brought up to width and gravel base standards they then be hard-topped, if the price of hard-top remains reasonable. Priority be given to hills which are subject to wash. The west side of Beech Hill be hard-topped.

A capital reserve fund for the eventual replacement of the dump truck be started, at least \$1000 a year be added to this fund.

A plow be purchased and installed on one of the Town Jeeps.

Due to rapidly changing prices, availability of materials, different areas of growth, and uncertainty of State Grants, we suggest major improvements be reviewed annually.

JOSEPH G. CARLETON, Chairman

VERNON B. WILKINS

ROBERT WORTHINGTON

LAMSON FARM COMMISSION

ANNUAL REPORT — 1979

1979 has been a very busy year for the Lamson Farm Commission. This year many improvements were made to the house and outbuildings and the land. Part of the farmhouse was insulated to provide better protection from the cold. The fireplace in the farmhouse was renovated and the panelling above it replaced. Major repairs were done on the barn including a new roof, repairs on the gable end of the barn, new beams, jacking up rafter and re-board-ing the upper part.

The fields and forests surrounding the farmhouse have also been part of improvement projects. A nature trail made by Dave Pothier, a Boy Scout from Amherst, will provide many enjoyable and informative hikes. Selective cutting of timber was continued during 1979 in compliance with the recommendations of the Department of Forestry, University of New Hampshire. Also this year the Lamson Farm Commission contracted Mr. Joe Thompson to cut cordwood to be sold to townspeople. Forty-one cords were cut and sold.

This year the Lamson Farm Commission was the recipient of many generous donations. Among them were donations by Bob and Ann Iannini, the Mont Vernon Historical Society, and Marty and Sam King who donated profits from the entertaining "Bert and I" performance. These generous offerings are greatly appreciated by the Commission.

A long range plan for the future of the farmhouse and adjoining 7.5 acres has been received by the Mont Vernon Historical Society. This plan will be studied in depth next year.

Also 1979 saw the resignation of two members - Bill Plummer and Paul Backus. Two new commissioners have been appointed - Howard Welch and Sally Rorabacher. Sally will assume the responsibilities of Treasurer.

WILLIAM HARCOVITZ, President
CHARLES BUCKLEY (Historical Society)

MONT VERNON HISTORIC DISTRICT COMMISSION

“Mont Vernon’s touch with the truly international.” That’s how Abbot Lowell Cummings described the stucco building on Main Street during Mont Vernon’s 175th anniversary in 1978.

Mr. Cummings, of the Society for the Preservation of New England Antiquities, spied not only the Daland Memorial Library, but went on to point out the mid-nineteenth century gingerbread houses, the cape-style dwellings of revolutionary times and the other architectural combinations that line the main street. He concluded by stating that main streets like Mont Vernon’s are becoming increasingly rare, a remark that provided the impetus for safeguarding the character and charm of Mont Vernon through the creation of an Historic District.

And so the Mont Vernon Historic District was established by the passage of an ordinance at the March 1979 Town Meeting. It includes 87 properties - both buildings and land - in the Village area. A legal description and accompanying map are on file at the Town Hall.

The ordinance calls for the appointment by the Selectmen of Mont Vernon of a five-member commission. The first appointees include Carl Silva, Chairperson; Jane Conant, secretary; Judy Corbett, recently replaced by Nancy Lynch; Bryant Ricker of the selectmen’s board; and Mary Collins, planning board representative.

To carry out the aims of the ordinance the commission’s duties have included setting up the mechanisms which will enable them to review current building taking place within the district. Any exterior alteration or new building within the district requiring a building permit will be referred to the Historic District Commission by the Building Inspector, currently Bart Randall.

In order to provide as much assistance and information as possible to residents of the district, the Commission has gathered data pertaining to construction and building sites, including books, names of agencies and people, films and sources of funding. All are at the Town Hall.

Meeting on a regular basis over the past months, the Commission has compiled an inventory of all properties within the district and transposed the legal description to a map corresponding to Mont Vernon’s new tax map.

The long-range goal of the Historic District Commission is to have the district listed in the National Register of Historic Places

which is the official list of the nation's cultural properties worthy of preservation. Placement in the National Register makes private property owners eligible for the possibility of Federal grants-in-aid through state programs; provides protection and makes those homeowners who rehabilitate certified historic properties eligible for Federal tax benefits.

Many hours will be required to accomplish this goal but the commission considers it a challenge that will benefit the future history of Mont Vernon. All assistance is welcome.

CARL SILVA, Chairperson

AUDITORS' REPORT

To the Selectmen of Mont Vernon:

We have examined the statement of assets and liabilities arising from cash transactions of the Town of Mont Vernon as of December 31, 1979, and the related statements of revenues collected and expenditures paid for the year ended. Our examination was not made in accordance with generally accepted auditing standards, however, we did include such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The financial statements have been prepared in accordance with procedures prescribed by the State of New Hampshire which in certain instances are at variance with generally accepted accounting principles.

In our opinion, the accompanying statements present fairly the assets and liabilities of the Town of Mont Vernon at December 31, 1979, and its revenues collected and expenditures paid during the year then ended, on a basis consistent with that of the preceding year.

Respectfully submitted: PAUL C. CHRESTENSEN
EILEEN E. NABER

Auditors, Town of Mont Vernon, N. H.

Note 1.

The School District liability showing on the Balance Sheet at December 31, 1978 was \$239,356.50. The New Hampshire Department of Revenue Administration has instructed the town to increase that liability by \$9,180.00, to adjust for a change relating to fiscal year 1976. Also, the town selectmen have reduced the liability to the School District by \$82,536.50 to reflect funds not requested on a timely basis. However, State law requires that all funds due the School District be paid and therefore this liability should be reflected at December 31, 1979. These changes would have the following impact.

Liability to School District		General Fund Surplus/Deficit

MINUTES OF THE ANNUAL TOWN MEETING

March 13, 1979

The Annual Town Meeting of the town of Mont Vernon, New Hampshire, was opened by Moderator Walter Kilian at 11:00 a.m. on Tuesday, March 13, 1979. Moderator Kilian led the Pledge of Allegiance to the Flag of the United States of America. He then proceeded to read Articles 1. through 5. of the Warrant for the Annual School Meeting and Articles 1. through 5. of the Warrant for the Annual Town Meeting, action on the succeeding Town Warrant Articles to be deferred until 7:30 p.m. Mr. Kilian displayed the empty ballot boxes, locked them and declared the polls open. He reminded those assembled that there was to be no smoking in the polling place per State Law.

At 7:30 p.m. Moderator Kilian declared the polls closed, all present having voted, and cast the absentee ballot. At 7:40 p.m. he called the Meeting to order in the upper Town Hall. The assembly rose as the State and National flags were presented by the Mont Vernon Boy Scout Color Guard. Mr. Kilian led the Pledge of Allegiance. Reverend Richard Tulip gave the Invocation. Mr. Kilian stated certain ground rules and procedures to be followed during the Meeting.

Article 5. The motion was made by Selectman Bryant Ricker and seconded by Robert Thayer that the Town authorize the Selectmen and Treasurer to borrow money in anticipation of taxes. There was no discussion. The motion was carried unanimously.

Article 6. The motion was made by Selectman Ricker and seconded by Selectman Keith Pomeroy that the Town appropriate the sum of \$1,645.60 from Revenue Sharing Funds, to add to the sum of \$2,254.40, already raised and appropriated, for the total sum of \$3,900.00, for the purpose of painting the Town Hall. After a brief discussion the motion was carried unanimously.

Article 7. The motion was made by Selectman Ricker and seconded by Joseph G. Carleton that the Town raise and appropriate the sum of \$17,100 for the purchase of a dump truck for use by the Highway Department. During the discussion, Mr. Ricker pointed out that the Budget Committee, the Road Agent and the Highway Study Committee all feel this \$17,100 expenditure is worthwhile. John Esposito suggested the appropriation be spread out over a few years. Mr. Ricker in response noted that a request for a new fire truck will be in next year's warrant. Mr. Esposito made the motion to amend Article 7., seconded by Roy Thomsen, that the Town finance the new dump truck over a three-year period. The motion

to amend was defeated by voice vote. Mr. Ricker's motion then carried by voice vote.

Article 8. The motion was made by Bryant Ricker and seconded by Joseph Carleton that the Town raise and appropriate the sum of \$1,200 for the purchase of a plow to be used on the Highway Department pickup truck. During the discussion Selectman Pomeroy stated that the Selectmen recommended against this Article. The vote was called and the Article was defeated by voice vote.

Article 9. The motion was made by Selectman Ricker and seconded by Selectman Robert Straw that the Town raise and appropriate the sum of \$1,445 for the purchase of a hand-held traffic radar unit to be used by the Police Department. Fifty percent of the \$1,445 is to be reimbursed to the Town as a matching fund. After considerable discussion William Harcovitz Called the Question, seconded by many. Moderator Kilian put Calling the Question to a vote and it was carried. The main motion vote was called; the Moderator being in doubt called for a standing vote: 90 in favor, 56 against. The motion carried.

Article 10. The motion was made by Mr. Ricker and seconded by Mr. Straw that the Town raise and appropriate the sum of \$1,200 for the purchase of a portable radio for use by the Police Department. Darold Rorabacher, Chairman of the Budget Committee, stated that that committee recommended against the Article as not essential to the Town. After additional discussion a standing vote was called: 30 in favor and 99 against. Article 10 was defeated.

Article 11. The motion was made by Selectman Ricker and second by Mr. Carleton that the Town raise and appropriate the sum of \$500 for the purchase of a smoke ejector for use by the Fire Department. Mr. Ricker then made the motion to amend Article 11. to read "...\$500 from Revenue Sharing Funds...". The amendment carried. The amended motion carried by voice vote.

Article 12. The motion was made by Bryant Ricker and seconded by Joseph Carleton that the Town raise and appropriate the sum of \$150 for the cost of professional services for the design and specifications for a fire alarm system for the town hall and fire station. Fire Chief Joseph G. Carleton explained that the Town needs good specifications to put out for bid. After discussion the motion carried by voice vote at 8:55 p.m.

Article 13. The motion was made by Selectman Robert Straw and seconded by Robert Thayer that the Town disappropriate the sum of \$500 previously raised and appropriated for the purpose of a war memorial. Mr. Straw explained that five years ago, March 5, 1974, a committee was appointed to obtain a stone monument but

no action was taken in large part because of the negative issues surrounding the Vietnam War. Some veterans who were contacted did not want their names on the memorial. After more discussion the motion to disappropriate was defeated by voice vote.

Article 14. The motion was made by Selectman Ricker and seconded by Selectman Keith Pomeroy that the Town raise and appropriate the sum of \$169,577.06 for the 1979 Operating and Maintenance Budget. Joseph Carleton, Chairman of the Road Study Committee, recommended against the proposed oiling of dirt roads. He made the motion, seconded by Vernon Wilkins, that Article 14. be amended to delete \$400 for road oiling from the Town Highway Maintenance item. The Selectmen were proposing a road oiling test on hilly sections. Mr. Wilkins recommended oiling for special reasons only and suggested individuals continue to oil areas as they wish. A standing vote on the amendment to delete \$400 was called: 73 in favor, 39 against. The amendment was carried. The motion was made by Darold Rorabacher and seconded by JoAnn Smith that Article 14. be amended to delete \$100 from the Recreation item. This action was recommended by the Budget Committee. The motion to amend was carried, by voice vote. After further discussion of the Highway and Police appropriations Mrs. JoAnn Smith made the motion, seconded by Susan O'Halloran, that Article 14. be further amended so that the Town Highway Maintenance item be reduced by \$327.50. This amendment was offered because of the affirmative vote on Article 7., to purchase a new dump truck for use by the Highway Department. The amendment was carried, voice vote. Mr. Kilian called the vote on amended Article 14., to raise and appropriate the sum of \$168,749.56 for the 1979 Operating and Maintenance Budget. The motion was carried unanimously, voice vote.

Article 15. The motion was made by Selectman Pomeroy and seconded by Selectman Straw that the Town discontinue and make subject to gates and bars the highway described as follows: Purgatory Road from the driveway now owned by Paul Schneiderhan to the Lyndeboro Town Line, as provided in RSA 238:2. The gates and bars shall be maintained by the abutters. After discussion the motion was carried by voice vote.

Article 16. The motion was made by Mr. Pomeroy and seconded by Mr. Ricker that the town discontinue and make subject to gates and bars the highway described as follows: Upton Road from property now owned by the Purgatory Rod and Gun Club, to Purgatory Road, as provided in RSA 238:2. The gates and bars shall be maintained by the abutters. The motion was carried, voice vote.

Article 17. The motion was made by Mr. Pomeroy and seconded by Bryant Ricker that the Town discontinue and make subject to gates and bars the highway described as follows: Story Hill Road from Lamson Road to the New Boston Town Line, as provided in RSA 238-2. The gates and bars shall be maintained by the abutters. The motion was carried, voice vote.

Article 18. (By petition) The motion was made by Bryant Ricker and seconded by Joan Dwyer that the Town accept as a Town Ordinance the following:

“It is unlawful to carry a loaded rifle, shotgun, muzzleloader or bow and arrow, or to discharge a pistol, rifle, shotgun, muzzleloader or bow and arrow while within the public right-of-way of any town road. Whoever violates the provisions of this section shall be subject to the maximum fines allowed by law for the violation of a Town Ordinance.”

Mrs. Dwyer recommended adopting the ordinance. Others were unhappy with the wording. After lengthy discussion, the motion was made by JoAnn Smith, seconded by Judith Corbett, that the motion be amended to read:

“It is unlawful to discharge a pistol, rifle, shotgun, muzzleloader, or bow and arrow while within the public right-of-way of any town road with the specific exception of Class VI roads subject to Gates and Bars. Police officers acting in the line of duty are excepted from the Ordinance. Whoever violates the provisions of this section shall be subject to the maximum fines allowed by law for the violation of a Town Ordinance.”

After additional discussion, William Harcovitz moved to Call the Question. The vote carried to Call the Question, voice vote. The vote on the amended motion was carried by standing vote: 77 in favor, 34 against. The motion was carried. Robert Thayer made the motion that “There will be no weapons discharged in the Town of Mont Vernon unless a permit is obtained from the Police Department.” The motion failed for lack of a second. Al Ryder made the motion, seconded by Al Sweeney, that Article 18 be amended to add the words “This Article excludes the roads along the land of Alton V. and Mary E. Ryder, now or formerly.”

Richard Trow moved to table the question in order to permit a Study Committee to study the question. By a standing vote, the motion to table carried, 89 in favor, 35 against. Moderator Kilian stated he would appoint a committee to study the Ordinance within two weeks, to report back at the next Town Meeting.

Article 19. The motion was made by Bryant Ricker and seconded by Keith Pomeroy that the Town establish a permanent

Police Study Commission, appointed by the Selectmen, whose function would be advisory only based upon specific guidelines by the Selectmen. The motion was made by Bryant Ricker and seconded by Keith Pomeroy that the Article be amended by deleting the name 'Police Study Commission' and inserting instead 'Traffic Highway Safety Commission.' After brief discussion the motion to amend carried by voice vote. The amended motion carried by voice vote.

Mr. Kilian read the preamble to the next three Articles: "Whereas: The provisions of the proposed following ordinances and regulations, (Articles 20, 21 and 22) are part of a comprehensive Master Plan being adopted in successive stages by the Town of Mont Vernon. The plan as expressed in regulations adopted by the voters or designated bodies is designed to provide a coordinated, adjusted, and harmonious development of Mont Vernon in such a manner as to best promote the general health, safety and welfare of its citizens."

Article 20. The motion was made by Selectman Ricker and seconded by Jane Conant that the Town adopt "The Mont Vernon Historic District Ordinance," which creates the Historic District Commission, the Village Historic District and provides for its regulation in accordance with RSA 31:89. Mrs. Linda Foster, Planning Board Chairman, pointed out that the posted Historic District Ordinance had been amended so that the only changes to come before the Historic District Commission would be those requiring a building permit. After lengthy discussion, Mrs. Virginia Harcovitz made the motion to Call the Question, seconded by Garth Witty. The motion carried by voice vote. The motion on Article 20 carried by standing vote: 64 in favor, 46 against.

Article 21. The motion was made by Bryant Ricker and seconded by Linda Foster that the Town vote, in accordance with RSA 36:19a, to further empower the Planning Board to review and approve or disapprove site plans for the development of tracts for non-residential uses. The motion to empower was carried, voice vote.

Article 22. The motion was made by Selectman Ricker and seconded by Mrs. Foster that the Town adopt the regulations set forth in the document "Water Pollution Control Regulations for the Town of Mont Vernon," which allow for the local inspection and enforcement of rules governing the disposal of septic effluent. During discussion the point was made that the State already had sufficient rules and regulations for disposal of septic effluent. Mr. Norman Daunais, Sounding Board Chairman, recommended in favor

of the Article. After further discussion, William Harcovitz Called the Question, seconded by Garth Witty. This motion was carried, voice vote. The motion to adopt Article 22 was defeated by voice vote.

Article 23. Moderator Kilian read Article 23: "To act on reports of all Town Officers, Agents, Auditors, Committees, etc. and raise and appropriate any money relative thereto." Paul Chrestensen, Town Auditor presented his report (see page 5). The motion was made by Mark Vaughn, seconded by Peter Ecklund, that the Town adopt the report of the Auditor. The Motion was carried by voice vote. A motion was made by Darold Rorabacher, seconded by Al Ryder, that the Budget Committee recommendation be adopted that the present three-member road commission appointed by the Moderator continue to study the Road Department of Mont Vernon and this commission should study the personnel and equipment needed to maintain Mont Vernon roads and to prepare a plan for future road maintenance and make recommendations concerning the road budget. The motion was carried, voice vote. Mr. Rorabacher stated that he saw no financial report for the Lamson Farm Commission in the Town Report and would like to see one in next year's Report. Selectman Ricker responded that that was a good point. Auditor Chrestensen pointed out that the same was true for the Beautification Committee.

Mr. Thayer made the motion to adjourn. Mr. Kilian asked for any other business first, under Article 24. Selectman Pomeroy recommended the Town give a vote of thanks to Mrs. Roberta Wilkins for inspiring and coordinating the Town's 175th Birthday celebrations last year. There was a standing round of applause for Mrs. Wilkins.

Mr. Kilian announced that School Meeting would be held at the Town Hall on Tuesday, March 27, 1979. Hearing no further business Moderator Kilian recessed the meeting to count the ballots downstairs, following which the meeting would be adjourned.

At 1:20 a.m., March 14, 1979, Moderator Kilian announced the results of the School and Town ballots:

School Ballot		
For Moderator:	Walter D. Kilian	198 votes
For Member of the		
School Board:	Robert H. Naber	193 votes
For Treasurer:	Nancy E. Mather	198 votes
For Clerk: (write-n)	Phyllis Haughev	9 votes
For Auditors - two	Paul Chrestensen	16 votes
(write-in)	Alan Smith	10 votes

Total Liabilities	285,871.51		286,202.09
Total Deficit	11,457.94		10,407.94
Net		1,050.00	

There are other corrections relating, for the most part, to clerical or typographical errors. These corrections have been outlined to the selectmen. They are not material and do not think it is necessary to outline them on this report.

I have examined the statement of assets and liabilities arising from cash transactions of the Town of Mont Vernon as of December 31, 1978, and the related statements of revenue collected and expenditures paid for the year ended. My examination was not made in accordance with generally accepted auditing standards, however, I did include such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

The financial statements have been prepared in accordance with procedures prescribed by the State of New Hampshire which in certain instances are at variance with generally accepted accounting principles.

In my opinion, the accompanying statements, as adjusted above, present fairly the assets and liabilities of the Town of Mont Vernon at December 31, 1978, arising from cash transactions, and its revenues collected and expenditures paid during the year then ended, on a basis consistent with that of the preceding year.

Respectfully submitted,

Paul C. Chrestensen

Auditor

Town of Mont Vernon, N.H.

Town Ballot

For Selectman:	Robert T. Straw	212 votes
For Treasurer:	Susan O'Halloran	212 votes
For Tax Collector:	Dorothy C. Smith	213 votes

WARRANT FOR ANNUAL SCHOOL MEETING

The State of New Hampshire

Polls to open at 10:00 a.m. — Close not earlier than 7:00 p.m.

To the Inhabitants of the School district in the town of Mont Vernon qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the eleventh day of March, 1980, at 10:00 o'clock in the forenoon, to act upon the following subjects:

1. To choose a School District Moderator for the coming year.
2. To choose a School District Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three (3) years.
4. To choose a School District Treasurer for the ensuing year.
5. To choose School District Auditors for the ensuing year.

Given under our hands at said Mont Vernon this 11th day of December, 1979.

DAVID A. LAMBARTH
MARTHA J. CHRESTENSEN
ROBERT H. NABER
School Board

INSTRUCTIONAL REPORT

Faculty, Staff and Student Population. As the new school year began, the following new members of our staff were ready to begin working with our students in the areas of Art, Music, and Physical Education.

Rose Siniscal, Part-Time Art Teacher
Barbara Henzel, Part-Time Music Teacher
Leslie Haulenbeek, Part-Time Physical Education
Teacher

A large first grade entered again this year, with the class size reaching thirty students. In order to provide the students with the appropriate attention required at this level, a teacher aide, Mrs. Lee Wadleigh, was hired. Mrs. Wadleigh, a certified elementary school teacher has been working in the first grade room, as a second teacher, to assist Mrs. Quinlan in providing the necessary individualized attention.

Students are being grouped according to their specific needs and abilities and a program reflecting an individualized approach is in operation.

The large third grade from the previous year moved on to the fourth grade. To accommodate this large group, the third grade aide was re-assigned to this fourth grade classroom. Our new aide, Mrs. Valerie Ojala is complementing the existing program by providing the extra time and attention based on the needs of the children.

Academic Program. Our report on this year's Stanford Achievement Tests is quite encouraging. Our students have again scored above the national norms in grades two and six, as was the case in the past. This year our grade four scores have indicated an average of a year's growth over last year's results. They are significantly above the national norm for that age group and grade level. We are able to utilize this information to compare current results with past years by means of a longitudinal study. Again, this year, we find our students scoring above the national level at each grade level.

The Readiness class continues to be a critical integral part of our instructional program. On-going evaluation of the program continues to indicate a high degree of success. The program provides an opportunity for children to develop socially as well as academically, prior to entering first grade.

Special Needs Program. Our Special Needs Program is directly involved in the instructional program for grades Readiness through six. The program allows us to meet the needs of students in all areas of instruction. The program is currently involved with those students who have shown a need for remedial instruction. Through careful screening and the use of varied materials in the Resource Room, an individualized plan of instruction is developed and monitored. The Special Needs Program also is able to challenge students who need enrichment. We are presently meeting with several enrichment groups and plan to expand as the year progresses.

This year we are also writing specialized educational plans for all of our enrichment students. This approach ensures that these students are being exposed to a variety of areas and are allowed to expand their awareness through a multi-media approach.

We feel confident that our Special Needs Program is providing the extra kinds of instruction and individual attention that can make a large difference to our youngsters of special needs both in remedial and an enrichment setting.

Language Arts Program Update. Our Language Arts Program instituted this past September is progressing successfully in all respects.

A program consisting of materials from publishing companies was formulated, approved, and adopted. This program consists of high level materials aimed at developing and improving Language Arts skills essential to the academic growth and development of our students. Placement tests are administered at the beginning of each school year to ensure proper placement of each individual student. Our program is geared to meet the needs of all our students. The students are motivated and enthusiastic about Language Arts. Continuity exists in grades Readiness through six. This is essential to the development of good Language Arts skills for all our students.

Hot Lunch Update. The satellite hot lunch program continues to be quite well accepted, with lunch counts averaging around seventy per day. The students are provided with nutritious, well-balanced meals from a varied menu. Students have been able to partake of menus from roast turkey to hot dogs. The reduced and free lunch program is still in effect for this satellite lunch program.

School Volunteers. Our School Volunteer Program, which began last year, has grown to a much larger group this year. We

have volunteers assisting in every classroom and we continue to encourage this form of home-school participation.

Educational Goals. As in the past, our main purpose or goal is to ensure a quality education for every child. The approach to this goal is one which provides the appropriate instruction for each student, based on his or her educational needs. The Mont Vernon School Staff strives toward the goal of excellence each school day and they are committed to this ideal. By maintaining the quality programs currently in use, and consistently seeking to evaluate and identify needs, we are constantly striving to ensure that we are educating each child to provide a social as well as academically balanced individual.

REPORT OF THE MONT VERNON SCHOOL STUDY COMMITTEE

In accordance with the vote of the Mont Vernon School District Meeting of March 22, 1979, the Moderator charged this committee to explore the feasibility of returning grades 7 and 8 to school in Mont Vernon. The committee approached its study by visiting several schools educating seventh and eighth grade students, talking with professional educators, studying state minimum and recommended educational standards, reviewing population trends, and exploring alternate funding.

In order to have some idea of what types of programs were available, committee members visited both local middle schools — Milford and Amherst — and three schools in towns whose population and growth patterns were similar to those of Mont Vernon: Antrim, Chichester, and Deerfield. What follows is some of the information collected on each of these schools.

Milford Middle School has 500 students in grades 6, 7, and 8. Average class size is 25. The only elective available for advanced students is French. The Special Education Dept. has a Title I teacher, resource room, and a 10-10 program (a class of 10 average and 10 learning-disabled students taught by a teacher and a full-time aide). A trimester system is used for art, music, home economics, and industrial arts. The library is staffed by a professional librarian, but is often closed to study hall students during the school day. Sports are both intramural and inter-scholastic.

Amherst Middle School has about 800 students in grades 5-8, with an average class size of 25. Grades 7 and 8 are departmentalized, with each student having five teachers. Electives for advanced students are French, Spanish, and literature enrichment. The Special Education Dept. has a resource room with a full-time remedial reading teacher and a Title I teacher. The trimester system is used for art, music, industrial arts, and home economics. Grades 5 and 6 have an introduction to home economics and industrial arts. The library is staffed by a professional librarian who teaches

library skills to grades 5 and 6 and research skills to grades 7 and 8. Currently, grades 7 and 8 have intramural sports, but interscholastics are being considered.

Antrim Middle School has 150 students in grades 5-8. This figure includes 30 tuition students in grades 7 and 8 from Bennington. Average class size is 22 students, with grades 7 and 8 being departmentalized. A lot of attention is paid to minimum competency. Grade 7 has a quarter-year of home economics and a quarter-year of industrial arts. Grade 8 has a half-year of one or the other. Both grades have art twice a week for half the year and music twice a week for the other half of the year. Physical education is provided twice a week all year. For special education, there is a full-time competency specialist and a full-time Title I teacher. The library is staffed by a part-time librarian and a full-time aide. The sports program consists of intramural sports for grades 5-8 and interscholastic basketball for grades 7 and 8. Social programs and trips are planned for grades 7 and 8.

Deerfield Elementary School has 300 students in grades Readiness - 8. The seventh and eighth grades are divided into four departments. There is no special program for advanced students except enrichment within the regular classroom. There is no home economics or industrial arts. Music and art are provided three times a week and physical education is taught every day. The Special Education Dept. has a resource room staffed by a full-time remedial reading teacher and two Title I teachers (one for elementary, one for junior high). Their library is a large hall area well set up with equipment, but staffed only twice a week. Friday afternoons have been set aside for enrichment time, when students can participate in various interest groups or learn to play a musical instrument.

Chichester Elementary School has 200 students in grades Readiness - 8. They have a traditional concept, but the two teachers for seventh and eighth grades team teach. Art and physical education are taught by the classroom teachers. Music is taught by a specialist once a week. There is no home economics or industrial arts. For special education, there is a resource room with a part-time speech teacher, a

part-time Title I teacher, and a diagnostic prescriptive teacher. All their specialists are scheduled on one day so that four days are set aside for uninterrupted classroom work. Their sports program consists of intramurals, cheerleading, and interscholastic basketball. The library is in a large classroom, divided into two sections, one of which is used by the specialists when they are in. Field trips and assemblies are frequently provided for enrichment.

We found a warm, happy atmosphere in these small schools. There seemed to be a great rapport between students and staff. The teachers and principals worked hard to make up for program deficiencies.

Professional input to our committee came in the form of visits from Jules D'Agostino and Marion Dube from the Union 40 office, Howard Kimball and Doug Brown from the State Board of Education, and George Paras, who later submitted a written report. Mr. D'Agostino, Superintendent of Schools, suggested areas to study, described the need for an educational philosophy, and expressed his opinion that while smallness could be a positive attribute, it was usually uneconomical to have classes of less than 100 students. Mr. Kimball, General Secondary Specialist, expressed the viewpoint that broad exploratory experiences are necessary before high school and that usually this can best be provided in a large school setting. Mr. Brown, Consultant on Administrative Services, discussed building guidelines with us and detailed the uses of State Building Aid. George Paras, Principal, expressed concern that the non-academics available in Milford not be forgotten. In response to a request from the committee, he compiled a proposal of what he would like to see offered in a Mont Vernon middle school, much of which we used in our projected cost figures.

In an attempt to forecast population growth and its effect on buildings and staff, a review of local enrollments in Milford and Amherst was conducted and documents relating to area trends were studied. Among those studied were reports from The President's Commission on School Finance and the Nashua Regional Planning Commission, the U.S. Bureau of Census Special New Hampshire Report, and a special report prepared by the New Hampshire Office of

State Planning projecting Mont Vernon's growth through 1990. These data indicate that a slow steady growth can be anticipated, resulting in the need for additional classroom space for grades R-6 at some time after 1984 and probably before 1990. Trends for grades 7 and 8 indicate that the future enrollment in these two grades will probably not require facilities beyond those initially constructed for these grades, at least until after 1990.

The committee explored a variety of funding possibilities, including 1) Alternative energy funds from the New England Solar Center of the Department of Energy, 2) Architectural fees from the National Historic Trust based on the McCollom Building's location in the Historic District, 3) Community Development Funds at 5% interest from the Farmers Home Administration, and 4) State of New Hampshire School Building Aid (30% of total cost of the building and equipment).

Conclusions

This committee concludes that it would add approximately \$20,000 to the annual school budget to bring grades 7 and 8 back to Mont Vernon and provide the students with most of the same opportunities now available to them at the Milford Middle School. (A cost summary follows this conclusion.) This figure and those below are based on today's dollar and current costs, both in projection of expenses and of actual savings in tuition and transportation, with no attempt to adjust for inflation. The school would be administered as a Readiness - Eighth Grade elementary program with modifications, rather than as a separate elementary and junior high. This approach gives Mont Vernon more flexibility in meeting New Hampshire Department of Education standards. An addition of about 8600 square feet to the Village School would be necessary to accommodate the increased number of students and the additional program. The committee explored renovating the McCollom Building for grades 7 and 8 and housing grades R-6 together in an expanded Village School. This idea was discarded because major renovation to the McCollom Building would require

bringing it up to federal and state standards for the handicapped at prohibitive cost.

Providing the students with opportunities similar to those now available does not mean providing an identical program. Money is included for art, music, home economics, physical education, industrial arts, French, enlarged library facilities, and increases in support services currently provided in Mont Vernon. Differences in program would include an alternate approach to handling guidance, replacing the separate reading program with regular classroom work supplemented by special needs personnel, no provision for after-school extra-curricular activities, and no interscholastic sports program. Limited instrumental music might be available, but a full-scale band and chorus program is not envisioned. The program does not assume self-contained seventh and eighth grades, but students might well spend more time with a particular teacher than the forty-five minute period currently practiced in Milford.

Even with these limitations, students going from Mont Vernon eighth grade to the Milford Area High School should be able to participate in most and probably all of the classes and activities offered there with the same competence now displayed. It should be noted that the program envisioned in this report is not based on only meeting state minimum standards for an elementary program including grades 7 and 8. These standards are relatively low, and a school providing only the bare minimum would not be adequately preparing its students to function well at the high school level.

Some benefits to the Town of Mont Vernon and to the students of educating 7th and 8th graders within the district include:

- more individual attention for the student and his/her needs during a critical developmental period
- a more controlled discipline situation
- flexibility that may allow for upgrading programs in grades R-6 in music, art, physical education

- ownership of the plant rather than making “rent” payments to Milford
- a reduction in transportation requirements that may become an even greater benefit in terms of both money and conservation in the future.

Disadvantages might include:

- more difficult social adjustment upon entering high school (although the committee has not been able to determine that this would be more significant in ninth grade than in seventh)
- lack of some costly but useful auxiliary equipment, such as extensive power tools
- reduction in some programs (previously addressed).

Opinions on the quality of education being received at the Milford Middle School at this time vary considerably across the entire spectrum from excellent to inadequate both within the committee and from people outside who have commented on this study. As a result, the committee has not attempted to make a specific recommendation, but rather tried to summarize and highlight information gathered so that the school district can determine the direction it wishes to take.

This committee has not addressed the following issues:

- additional plant that may be required 6 or 7 years from now when enrollment in grades R-6 may be too large for present facilities
- specific program and facility design for grades 7 and 8.

Time and scope considerations did not allow pursuit of the first question. The second issue should be addressed by another committee if the school district votes to explore this plan further.

Cost Comparison

Costs of 7th and 8th grade program in Mont Vernon:

\$ 14,392	annual principal payment @ 20 years of
	\$431,750 total estimated construction cost
34,540	annual interest payment @ 8%

\$ 48,932	annual fixed cost
83,600	estimated additional annual operating costs

\$132,532	total additional annual cost

Savings from not sending 7th and 8th grade students to Milford:

\$ 98,500	tuition for 55 students to Milford Middle School at current rate
13,900	annual cost of one bus to Milford

\$112,400	total estimated savings

Therefore, the excess of cost over savings is \$20,132.

Notes on Cost Comparison

The construction cost figure is based on 8635 square feet at \$50 per square foot for a turn-key facility fully-equipped with textbooks, library books, and other non-consumables. The lunch program would still be a satellite from Milford. The annual principal payment is low because it assumes 30% state building aid reimbursement each year. The annual interest figure is taken at 8% based on current cost of money for municipalities. However, lower rates may be available (5% from the FmHA is one possibility).

Respectfully submitted,

WALTER COLLINS, Co-Chairman
ELOISE CARLETON, Co-Chairman
JoANN SMITH
MARY ANN HARRIS

SCHOOL DISTRICT OF MONT VERNON, N.H.

ELECTION OF OFFICERS

March 13, 1979

At 11:00 a.m., Moderator Walter Kilian declared the meeting open, read the warrant pertaining to the election of the School District officers and declared the polls open.

At 7:30 p.m., March 13, 1979, the polls were closed and the ballots were turned over to the School District Clerk for counting.

At 1:15 a.m., March 14, 1979, Moderator Walter Kilian read the results of voting and declared the following elected:

Moderator	Walter Kilian
School Board	Robert Naber
Treasurer	Nancy Mather
Clerk	Phyllis Haughey
Auditors	Paul Chrestensen, Alan Smith

NANCY E. MATHER, School District Clerk

SCHOOL DISTRICT MEETING OF MONT VERNON, NEW HAMPSHIRE

Annual Meeting — Mont Vernon Town Hall

March 27, 1979

The meeting was called to order at 7:30 p.m. by Moderator Walter Kilian who then led the assembly in the Pledge of Allegiance, read an invocation, and read the warrant. He introduced Jules D'Agostino, Superintendent of Schools; Marion Dube, Teacher Consultant; and George Paras, Principal and moved that they be allowed to speak as non-residents. This was seconded and accepted.

Mr. Naber referred to the Mont Vernon School District budget as printed in the School District Report and made the following corrections:

1) Correction in budget Account #190 - budget preparation \$135 was originally left blank in School District Report.

2) Account #220.30 figure \$2,612 should read \$2,602.

3) Account #500 - School Bus figure \$33,000 should read \$41,700. Account #500 - Late Bus figure \$1,700 should read \$1,980. Account #500 - Field Trips figure \$800 should read \$1,000. Account #500 - Series 500 Total figure \$35,000 should read \$44,680. (A definite Transportation Contract completed June 1979.)

4) Total Budget figure to change from \$511,376 to \$520,556.

The meeting then turned to consideration of the warrant articles.

Article I: To determine and appoint the salaries of the School Board and Truant Officer and fix the annual compensation of any other officers or agents of the District.

Martha Chrestensen moved that this article be tabled and acted upon under Article V. Dave Lambarth seconded the motion, which was then passed by voice vote.

Article II: To hear the report of agents, auditors, committees, or officers chosen and pass any vote relating thereto.

Bob Naber moved that the School District Report be accepted as printed. Judie Corbett seconded the motion. Paul Chrestensen, School District Auditor, stated that he had not authorized the auditor's certificate on page 20 of the report. So the motion was amended to read: "I move that the School District Report be accepted as printed with the exception of the auditor's certificate on page 20." So moved.

Paul Chrestensen then gave this auditor's report. For the year ending June 1978, adequate payroll records were not kept. Therefore, while he did examine the books, he was unable to use accepted auditing procedures to enable him to express an opinion on the balance sheet and statement of revenues and expenditures for the year ending June 30, 1978.

Bob Naber moved, and Dave Lambarth seconded, to accept the auditor's report. So moved.

Paul Backus, Chairman, then presented the report of the School Budget Review Committee. He thanked the Committee members for their work: Hugo DeGregory, Virginia Harcovitz, Carol Donahue, and David Dube. He stated that the budget was up 7.2% over last year for an increase of \$34,000. However, due to diminished surplus and loss of some state aid, total increased district assessment is \$54,000, which means an increase of \$6 in the tax rate. They examined every area of the budget, but discovered 80% of the total was beyond their control: teachers' salaries, bus transportation costs, and tuition to Milford. Another 10% covers state-mandated special programs. So only 10% of the budget can be altered, and to change that enough to offset the \$34,000 increase was an impossible task. So they concluded that the budget had no detectable fat and recommended its adoption as proposed by the School Board.

Robert Thayer suggested that home teaching courses be paid for by the School Board as a possible money-saver.

Mr. Lambarth moved to accept the Budget Committee Report. Mrs. Chrestensen seconded the motion. So moved.

Article III: To choose agents and committees in relation to any subject embraced in this warrant. Dave Lambarth moved to table this article because there are no agents or committees to be chosen. Bob Naber seconded. So moved.

Article IV: To see if the District will vote to authorize the School Board to make application for, accept, and expend on behalf of the District any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire or from any other source. Martha Chrestensen moved to accept this article. Dave Lambarth seconded. So moved.

Article V: To see what sum of money the District will vote to raise and appropriate for the support of the schools, for the payment of salaries for School District officials and agents, and for payment of the statutory obligations of the District.

In introducing this article, Walter Kilian explained that if a mo-

tion to lower a budgeted amount was passed, the School Board would then have a lower total budget to work with, but it was not obligated to spend the lowered figure in that specific area.

In response to a question about teachers' salaries, Bob Naber discussed the formula which they used to compute them. Three factors were involved: a) base salary, b) additional education, staff development, and experience, and c) staff development hours that are a direct benefit to Mont Vernon. He explained that the overall increase was 7%, while the base pay increase was only 4.3%. Additional funds were allocated for a first grade aide to provide more individual instruction for the large classes which we have been experiencing.

Martha Chrestensen described the new bus contract with M&J Corp. They presented the low bid at \$55 per day per bus (with used buses) for five years, for an annual cost of \$29,700. Gas will be billed separately, and \$12,000 has been budgeted for next year. There was some discussion about dropping the late bus as an economy measure, but the Board felt it was valuable to encourage students to participate in after-school activities.

The high cost of snow-plowing was discussed. The Board will be going out for bids in the fall, hoping to lower the annual cost.

Details of our tuition arrangement with Milford were described. The figure in the budget is the Board's best estimate. The final charge is computed based on actual attendance figures. The junior high estimated figures are \$1,660 for tuition and \$130.90 for rental, for a total of \$1,790.90 per student. There are approximately 55 Mont Vernon students in the junior high. The high school figures are \$1,380 for tuition, \$94.90 for rental, for a total of \$1,474.90 per student. Bruce Tower questioned whether having 7th or 8th grades in Mont Vernon might not be a financial savings.

Bob Naber then moved that the sum of \$520,556 be raised and appropriated for the support of the schools, for the payment of salaries for School District officials and agents, and for payment of the statutory obligations of the District. Dave Lambarth seconded. So moved.

Article VI: To transact any other business that may legally come before said meeting.

Eloise Carleton made a motion to appoint a committee to study the feasibility of having a junior high in Mont Vernon and other related matters. This was seconded by Robert Thayer and carried by voice vote.

At 9:30 p.m., Walter Kilian adjourned the meeting.

NANCY E. MATHER, School District Clerk
